1995-2008 Cornerstone Pharmacy Services Indianapolis Indiana
Partner and IT Director for the company which
provided medications statewide to residents of nursing
homes and assisted living facilities. We sold the
company in December of 2007 to Omnicare. I stayed on
with them until December 2008 at which time I retired.

My wife Jacqueline and I moved to Perry Township in Indianapolis with our three children in 1978. The children all graduated from Perry Meridian High School. Jacqueline and I moved to White River Township in January of 2008 to a home in Innisbrooke. I have become a board member of the Innisbrooke Homeowners Association. I have been following the newspaper articles concerning the merger of Greenwood and White River Township with great interest and will gladly volunteer to serve on a study committee if called upon.
