To whom it may concern:

My name is Tom Parten, I was born and raised in White River Township, and except for 6 years, have been a life long resident. My maternal family has live in WRT since the mid 1800's. The past forty-three years, I have seen many changes to our community, from SR. 135 being a two lane road and Main St. being gravel, to the thriving thoroughfare of business that it has become. The next year brings many challenges, with many pluses and minuses based on the decisions made.

I feel that my extensive background and knowledge, of highway construction and cost, could be beneficial to the resident of WRT as we explore the options before us. I have worked with The City of Greenwood, The Johnson County Highway Department, INDOT, and well as numerous other municipalities, on numerous projects, from both an estimating and project management standpoint. Therefore I would like to offer my assistance on the subcommittee studying Infrastructure.

My resume is included for review. I can be reached at either 634-5561 ext. 21255 or 727-8460 if any questions arise.

Thanking you in advance for your consideration.

Thomas Parten
